Custom Kitting for Contractors and Trade Schools

Now you can build a custom tool kit that reflects your unique market or classroom needs.

• Specify a minimum of 6 different Malco hand tools per Custom Kit.
• Tools are kitted in your choice of a 50% Discounted Malco TB1 Tool Bag or TBP33 Backpack. (Estimated maximum of 30 different tools under 17 in. / 43 cm long.) Note: Tools and packaging are separated in tool bag or backpack for efficient packing and to avoid damage in shipment.
• Tool Kits include a package card listing the kit contents you requested. You can also personalize the packaging card with a company or school name and / or a list of student names when ordering a quantity for enrollees in a trade school or union JATC program. Cards co-branded with a company, school or union logo are available for a one-time $25 service charge.
• 10% Discount on School Orders! All Malco Custom Kits purchased for school or student use receive a 10% discount off the quoted price. A school purchase order must be placed with your Malco distributor for verification.
• MALCO WILL ASSEMBLE AND SHIP YOUR CUSTOM TOOL KIT WITHIN 3-DAYS OF RECEIPT OF A FIRM ORDER FROM YOUR MALCO DISTRIBUTOR.
• Ask your local Malco Distributor for details and a quote. See Back for Details.
Organize your tools in an 18 pocket tool bag or 33 pocket backpack. Choose either Tool Bag or Backpack at 50% off Trade Price when part of a Custom Tool Kit!
