

## Mechanical/Manufacturing Engineer II

Malco Products, SBC offers you a great employment opportunity. As the nation's leading manufacturer of specialty precision hand tools for the HVAC industry, Malco is seeking a multi-talented individual at our DeWitt, NE facility. Qualifications and duties of the Mechanical/Manufacturing Engineer II include:

- Investigate production problems and recommend solutions
- Design jigs/fixtures used in the manufacturing of tools or components
- Evaluate and recommend ways to improve manufacturing processes and product designs
- Assist with costing of new and existing products
- Four year Engineering degree and two years experience

Hours: Monday-Friday 6:30 a.m.–3:00 p.m.

We offer a flexible benefits program where you can pick and choose many options in our plan. We are a 100% owned Employee Stock Ownership Plan (ESOP) company where all employees are shareholders of company stock. Along with the excellent starting wage and benefits program, we have a clean, safe working environment.

To apply, please print and complete an application found at [malcotools.com](http://malcotools.com) and mail, fax or email to:
